

## University of Pretoria Music Enrichment Festival

The UP Music Enrichment Festival is an important annual event on the Music Department calendar. Its main purpose is to create an opportunity for young musicians to receive specialised practical tuition in a masterclass setup with experienced tutors in a large variety of instruments. Apart from practical sessions that are scheduled over two days, the Enrichment Festival also provides music teachers the opportunity to develop their skills by providing lectures on various aspects of music pedagogy.

This year, the 2022 UP Music Enrichment Festival will also include an interactive opera workshop based on the opera *Natiki* and the *Fairy Queen*: (almost) an opera by Henry Purcell, which will be performed the following week during the UP Music Festival. Participants will have the opportunity to learn about and experiment with stage techniques such as movement and character embodiment.

Prominent international musicians who have presented masterclasses at the UP Music Enrichment Festival include the Austrian cellist Heidi Litschauer and the Italian pianist Fabio Bidini. Local musicians who have provided practical tuition on a regular basis are Berthine van Schoor (cello), Denise Sutton (violin), Prof John Hinch (flute), Anna-Maria Müller (flute), Dr Hanli Stapela (voice) and Prof Joseph Stanford, Prof Wessel van Wyk, Dr Jannie le Roux and Dr Tessa Rhoodie (piano).

Numerous young musicians from the Gauteng and North West regions have participated in the UP Music Enrichment Festival. It has, in quite a few cases, served as a catalyst to further music studies at a tertiary level - it rewards participants who plan to register for a music degree at the UP School of the Arts: Music with a small scholarship.

The 2022 Enrichment Festival will take place from 19–20 August 2022, and will precede the annual UP Music Festival taking place from 22–26 August 2022.
